- ◆ **A full day training course to develop your skills and knowledge in providing newborn life support.**
- ◆ **A combination of lectures, skills stations, scenarios and assessment.**
- ◆ **Enhance your learning in a supportive team of midwives, nurses and doctors from maternity and neonatal practice areas.**

CDHB midwifery staff who attend births and provide newborn life support , will be supported to attend the NZRC NLS course once **every 5 years**.

For midwives, NLS provides the compulsory update for the Midwifery Council Recertification Programme (alternatively attendance at Emergency skills workshop or PROMPT which includes a short newborn resus refresher).

NLS can be counted as 8 hours of Continuing Education for Midwifery Council or CME hours for doctors.
